

Activities of the year 2022-2023

Sl. No.	Module Description	Developed / Organized By	Duration	Resource Persons	Target Audience	Usage
1	Technical Talk on “Azure with Practical Knowledge”	College and the department	12/08/2023	Miss. Madhuneela N R, Program Analyst, Cognizant, Bengaluru.	70	It bridged the gap between academic learning and industry practices by demonstrating how cloud services are implemented in professional environments. Participants gained practical knowledge on deploying, managing, and monitoring applications using Azure, which is a vital skill set in today’s cloud-centric job market. The talk also motivated students to explore Azure certifications and career opportunities in cloud computing.

2	“Artificial Intelligence & Machine Learning : Industry Perception”	College and the department	7/08/2023 to 11/08/2023	Mr. Vijay G H, Head of Technology at DLithe, Mangaluru and Miss. Medini B V, Embedded Engineer, DLithe, Bengaluru.	80	The program provided students with practical insights into how AI and ML are applied in real-world scenarios, bridging the gap between theoretical concepts and industry needs. The experts shared current trends, tools, and technologies used in AI/ML projects, along with career guidance and project development strategies. This exposure empowered students to approach AI/ML with a problem-solving mindset and encouraged them to pursue further learning and innovation in these emerging fields.
